WORKSHOP CAPE AB

30 Settembre 2016

Tolmezzo, sede Unione (UTI) Carnia, via Carnia Libera 1944, n. 29

INVITATION

We warmly invite you to the workshop entitled "Migration and *New Highlanders* in mountain areas: challenges and opportunities" which will take place on September 30 in Tolmezzo (Via Carnia Libera 1944, n.29).

This event is organized under the "CAPE-AB" project, funded by the EU program "Europe for Citizens 2014-2020". In this project, partners are participating from Italy, Austria, Slovenia, Bosnia-Herzegovina, Croatia, Serbia and Hungary.

The main objective of "CAPE AB" is to promote the intercultural understanding and democratic participation of citizens, from a local to the European level.

In this context, the "UTI della Carnia" is organizing a transnational workshop on the challenges and opportunities of demographic change and migratory phenomena involving the Alpine regions (with particular reference to the mountain areas of Friuli Venezia Giulia).

The workshop aims to make available to participants - especially mayors - operational tools and useful contacts regarding the above mentioned issues. This, in particular, through the presentation and discussion of concrete experiences of municipal administrations and experts.

At the end of the workshop, there will also be time for a wide debate in which we invite you to present personal experiences, reflections and proposals.

Light refreshments will follow.

We hope that the initiative will offer the participants an opportunity to establish contacts and share project ideas.

Francesco Brollo
PRESIDENT
